SSPA Preferred Assessors List

The following companies have been identified by Microsoft Procurement to perform a Microsoft Supplier Data Protection Requirements Independent Assessment. These companies understand the Microsoft Supplier Data Protection Requirements, are qualified to perform an Independent Assessment and may provide competitive pricing.

Note: Companies are listed in alphabetical order and are not ranked by any criteria. You are permitted to use a different Assessor company to perform the Independent Assessment if they meet the criteria listed in the SSPA Program Guide (refer to section "Independent Assessment Requirement") on the SSPA website, unless your services for Microsoft involve AI systems.
